TASTING NOTES

This wine has a beautiful ruby color with purple highlights, a bouquet combining stewed fruit with spicy notes on the palate, vanilla, soft tannins and a well balanced finish.

SUGGESTIONS

- In the lower part of the vineyard which is closest to the volcano, the sandy soils are well suited for the merlot and the Cabernet Sauvignon. The grapes are picked at full maturity in order to best express aromas of these varieties. Cabernet-Sauvignon, Cabernet-Franc, Merlot and just a little bit of Petit Verdot.... A wine in memory of my happy years spent studying in Bordeaux.
