- Innovative winemakers from the South of France, François and Vincent Pugibet work freely to create contemporary wines. Pioneers in dealcoholisation and proud of over 20 years' know-how, they offer you this refreshing, dealcoholised sparkling rosé wine with no artificial flavours. A new addition to our family of 'Grands Vins', its low alcohol content reveals forgotten flavours. To complete their approach, they have combined the traditional Grenache, emblematic of the Domaine, with resistant grape varieties. This innovative approach bears witness to a transition towards environmentally-friendly viticulture.
- This original 33cl format is the ideal companion for many occasions. A cuvée to be drunk 'without moderation', ideal for all festive and family events.
